Spanish

### WORK EXPERIENCE

#### Fondation Tutorat, User Experience Designer

SEPTEMBER 2021 - PRESENT | 10 MONTHS | REMOTE

Promoted to work as Lead UX Designer in a product team responsible for building a custom Beneficiary Relationship Management software. Researched and identified user needs by conducting interviews and integrating myself into the customer's organization. Delivered mockups and information architecture for the web application, while keeping in constant communication between the European clients and Bolivian production team.

#### Fondation Tutorat, UX/UI Design Intern

JULY 2020 - JULY 2021 | 1 YEAR | REMOTE

Individually designed a prototype for an inline translation tool by developing the user experience strategy that allows users to quickly translate content in proper context. Presented the tool to the product design team, leading to collaboration with the lead engineer to understand functionality and implementation.

#### Lightbulb Crew, Web Design Intern

JULY 2016 - AUGUST 2016 | 2 MONTHS | PARIS, FRANCE

Designed and launched the start-up's corporate website, working directly with the CEO and PR Manager to help strengthen the company's visibility. Implemented the site using WordPress and created customizations through HTML and CSS in collaboration with the software engineers.

### EDUCATION

#### University of California, San Diego (UCSD)

SEPTEMBER 2016 - JUNE 2020

B.S. Cognitive Science: Human Computer Interaction,  
B.A. Psychology
